Our Training...

Apart from providing security, S & G places the highest emphasis on training. Operational management, personal aptitude, professional skills, requirements, motivation and administrative support are the key areas we focus on. Above all, we encourage the highest standard of performance and pride in the success of the operation we handle.

We carefully select people who display the ability and mold them into professional who can effectively guard your business,. Reliability and promptness are qualities they portray in their performance. Candidates are trained as per the appropriate industry standards, making them versatile and well versed with the environment they need to work in.

Our main area of recruitment is in Maharashtra, where the Pune branch looks after the basic training. We recruits 10th and above standard passed candidates with age group 18 Years to 40 Years. They should be medically fit with minimum height 5.5 feet 56 Kg of weight. Written and interview process followed to the assed posting site of the particular individuals. Administrative support is an important factor in maintaining our standard. Our security Officer knows that matters such as their welfare and working condition are attended to with care.We maintain the highest standards and combine an approach with quality, service and the very latest technology available.
